

DNCU COMPUTER ENHANCEMENT

A message for our member-owners

September 24, 2018

Del Norte Credit Union's mission is to improve lives. I'm excited to tell you about a project we have been working on over the past 18 months to bring you faster, more efficient and more secure systems to support your banking experience. To meet our goal of innovating and developing the best products and services you need for now and the future, we will be upgrading and enhancing our systems **October 5-8, 2018.**

It is a top priority of ours to keep your personal and financial information safe and secure. This computer enhancement will significantly enhance security, capitalize on efficiencies, and most importantly, improve your experience with us.

We have been working diligently to make this transition smooth and transparent for you, our member. Our team is also working on keeping any inconveniences to you as minimal as possible. Any inconvenience you may experience will occur over the holiday weekend of October 5th. Monday, October 8th is the federal Columbus Day holiday when all banks are closed. Please see the schedule below for service availability over the 3-day weekend.

I want to personally thank you for your membership with Del Norte Credit Union. We continually strive to improve lives and be your ideal partner for the future.

Best Regards,

Chuck Valenti
CEO
